<input type="checkbox"/> <i>Martes americana</i>	Marten
<input type="checkbox"/> <i>Mustela erminea</i>	Ermine, Short-tailed weasel
<input type="checkbox"/> <i>Mustela vison</i>	Mink
Chiroptera/Vespertilionidae	
<input type="checkbox"/> <i>Eptesicus fuscus</i>	Big brown bat
<input type="checkbox"/> <i>Lasionycteris noctivagans</i>	Silver-haired bat
<input type="checkbox"/> <i>Lasiurus borealis</i>	Eastern red bat, Red bat
<input type="checkbox"/> <i>Lasiurus cinereus</i>	Hoary bat
<input type="checkbox"/> <i>Myotis lucifugus</i>	Little brown bat, Little brown myotis
<input type="checkbox"/> <i>Myotis septentrionalis</i>	Northern long-eared bat, Northern myotis
Lagomorpha/Leporidae	
<input type="checkbox"/> <i>Lepus americanus</i>	Snowshoe hare
Rodentia/Castoridae	
<input type="checkbox"/> <i>Castor canadensis</i>	Beaver
Rodentia/Muridae	
<input type="checkbox"/> <i>Ondatra zibethicus</i>	Muskrat
<input type="checkbox"/> <i>Peromyscus maniculatus</i>	Deer mouse
Rodentia/Sciuridae	
<input type="checkbox"/> * <i>Tamias striatus</i>	Eastern chipmunk
<input type="checkbox"/> <i>Tamiasciurus hudsonicus regalis</i>	Isle Royale red squirrel

Isle Royale National Park (ISRO)

Species Checklist

Report Species Count: 20

*Documented occurrences of the species in the park or in the adjoining region of the park give reason to suspect that it probably occurs within the park; however, current, verifiable evidence is needed.

NPSpecies - The National Park Service biodiversity database. IRMA Portal version. <https://irma.nps.gov/npspecies>. Accessed 7/3/2014 6:54:30 AM

The species listed here are assumed to be 'present in park.' Evidence, in the form of a current, verifiable reference, voucher or observation, is included in the NPSpecies data system or is readily available. Those species marked with an asterisk have the designation of 'probably present,' and efforts are underway to obtain current, verifiable evidence to elevate the status to 'present in park.'
